COMMIT TO WHAT INSPIRES YOU.

INFORMATION FOR TRANSFER STUDENTS

College of Engineering
UNIVERSITY OF GEORGIA
CONNECT
full-on rigor to hands-on revelation.

COMMIT
to an engineering program that challenges and changes you.

IT’S AN EXCITING TIME TO BE A BULLDOG ENGINEER

Thinking about becoming a part of the University of Georgia College of Engineering community? We want to do everything we can to answer your questions, guide you through the transfer application process, and introduce you to UGA and our college.

Regent’s Engineering Pathway Program

The Regent’s Engineering Transfer Program (RETP) was established in 1986 by the University System of Georgia (USG) to promote engineering education in Georgia. The USG revised the RETP and created the Regent’s Engineering Pathway Program (REPP) to serve more students in Georgia who have an interest in an engineering degree. UGA’s College of Engineering is one of the REPP partners and works with USG partner institutions. A potential transfer student from one of the partner institutions can reach out to the College of Engineering contact listed below for more information.

Dr. Ramaraja Ramasamy
Associate Dean for Academic Affairs
Telephone: 706-542-0860
Email: engr-academic@uga.edu
**HIGH-DEMAND MAJOR ADMISSION PROCESS**

All new students admitted to the UGA College of Engineering, including transfer students, enter the College as an intended engineering major. Applicants for full major status in the College will be selected based on their grades in general education and major specific courses along with information submitted in a personal statement of purpose.

**HIGH DEMAND MAJOR APPLICATION CRITERIA**

You must complete each of your general education and major-specific coursework with a grade of “C” or better. Your personal state of purpose should explain your interest in education and describe your experience with engineering. In addition, you should discuss your ultimate career aspiration and describe how your chosen College of Engineering major enables you to reach your career goal. The criteria describe here are minimum application requirements and do not guarantee acceptance.

- **General Education Coursework**
  - 12 hours of math, physics and English (30%)

- **Personal Statement of Purpose**
  - 30%

- **Major Specific Coursework**
  - 9 - 11 hours of major coursework (40%)

**TRANSFER ADMISSIONS**

- Students must submit the regular University of Georgia transfer admission application form.
- Information regarding transfer eligibility, application deadlines and course equivalency can be found at: admissions.uga.edu/admissions/transfer/

**Criteria for transfer students include:**

- Minimum of 30 semester credit hours of transferable coursework **completed** at the time of application.
- Graduation from high school at least twelve months prior to the term of intended enrollment.
- Must meet partner institution and UGA admission requirements (3.3 GPA or 2.8 GPA) at the time of application based on completed hour thresholds at the time of application.
- Prefer completion of at least one college course in mathematics and/or laboratory science.
GENERAL EDUCATION COURSEWORK

- MATH 2250: Calculus I for Science and Engineering
- MATH 2260: Calculus II for Science and Engineering
- PHYS 1211: Principles of Physics for Scientists and Engineers – Mechanics, Waves, Thermodynamics
- ENGL 1101: English Composition I

MAJOR-SPECIFIC COURSEWORK

Computer Systems Engineering
- CSEE 2220: Fundamentals of Logic Design
- CSEE 2210: Introduction to Computer Systems Engineering II
- CSCI 1302: Software Development

Electrical and Electronics Engineering
- CSEE 2220: Fundamentals of Logic Design
- ELEE 1030: Intro to Electrical Engineering
- ENGR 2170: Circuits

Agricultural, Civil, Environmental or Mechanical Engineering
- ENGR 1120: Engineering Graphics and Design
- ENGR 1140: Computational Engr. Methods
- ENGR 2120: Engineering Statics

Biological or Biochemical Engineering
- BIOL 1107 & BIOL 1107L: Principles of Biology I
- CHEM 1212 & CHEM 1212L: Principles of Chemistry II
- ENGR 2120: Engineering Statics

Students transferring to the University may be eligible to apply through the College’s High-Demand Major (HDM) process prior to enrolling at UGA. To be eligible, students must have completed or be completing the required general education courses as well as the major-specific courses in the term in which they submit the HDM application. Arrangements for completion of the required personal statement of purpose can be facilitated by contacting the College of Engineering in advance.
