

School of Chemical, Materials and Biomedical Engineering
Application for BCHE 7010 Research Project

Instructions: Students should complete the information on this form in collaboration with their faculty mentor. Once completed, students should submit the form to their mentor for signature, and then to the Chair of the School of Chemical, Materials and Biomedical Engineering for approval. The student and mentor will receive the approved form.

Deadline: This Application should be completed and submitted to the Chair of the School of Chemical, materials and Biomedical Engineering by the Friday of the first week of school. Please consult the UGA Academic Calendar for dates.

Student Full Name: _____

Student 81# _____

UGA email address: _____

Semester: _____

Name of Mentor: _____

Title of Mentor: _____

Department/School of Mentor: _____

Email of Mentor: _____

Description of Research: (typed, 120 words maximum)

Explain the student's role in the research: (typed, 100 words maximum)

This 3 hour course requires approximately 9 hours per week. For any given week, when will the student work to meet this hour requirement:

Indicate how frequently the student and mentor will meet to review work progress:

A 6-10 page (double spaced) written report is due by the final day of classes. This report should contain the typical components of a research report (Title, Abstract, Introduction, Materials and Methods, Results, Discussion/Conclusions, References). The report should be submitted to the student's mentor and to the Chair of the School of Biochemical, Materials and Biomedical Engineering. The mentor should provide input and communicate a recommended grade to the Chair by the last date of the Final Exam Period. Please consult the UGA Academic Calendar for dates.

Student: By signing you indicate that you understand the course requirements, deadlines and expectations for the course.

Student Signature _____

Date _____

Mentor: By signing you approve of the student's research plan, are willing to provide access to facilities needed for the project and agree to mentor the student.

Mentor Signature _____

Date _____

Please send to:

Prof. Mark A. Eiteman, Interim Chair, School of Chemical, Materials and Biomedical Engineering
eiteman@engr.uga.edu

Chair: I approve of the proposed research project.

Signature (Chair, CMBE) _____

Date _____

Date Report is Due by Student: _____

Date Recommended Grade/Input is Due from Mentor: _____
