

EARN YOUR M.S. IN CIVIL ENGINEERING 100% ONLINE

LEARN FROM UGA'S TOP CIVIL ENGINEERING INSTRUCTORS & INDUSTRY PROFESSIONALS

UGA's College of Engineering now offers its Master of Science (M.S.) in Civil Engineering online. This project-focused degree can be completed in two years, and the inaugural cohort is accepting applications until **July 1, 2024**.

Spanning several distinctive areas—including **Structural & Geotechnical Engineering**, and **Project & Construction Management**—this 100% online program offers students a wealth of opportunities to hone their skills and experience real-world cases and projects involving seasoned industry professionals. Students will explore the forefront of civil engineering innovation and graduate prepared for a career in managerial design and lead engineer roles. An asynchronous class structure allows coursework to fit in and around busy working schedules.

PROGRAM HIGHLIGHTS:

- ✓ Begins Fall 2024
- ✓ No GRE Required – EIT welcome
- ✓ Emphasis on Real-World Project Experience
- ✓ PE and SE Receive Automatic Acceptance
- ✓ Classes Offered in 8-Week Blocks
- ✓ Flexible Online Learning
